**Subject: Opportunity to Procure Books for University/College Library during Delhi University Literature Festival 1.0 (12-14 February 2026)**

Dear Sir/Madam,

The Delhi University Literature Festival 1.0 (DULF 1.0) is scheduled to be held from 12th to 14th February 2026 at the University of Delhi (North Campus).

As part of the festival, a dedicated Book Exhibition is being organized where leading publishers, government/academic bodies, and literary organizations will display a wide range of books, including academic texts, literature, reference materials, and publications in various languages and disciplines.

This provides an excellent opportunity for your respective Departments/Centres/Colleges/ Libraries to identify, examine, and procure books directly from the exhibitors for strengthening your library collections.

**Key Advantages:**

1. Publishers/vendors will display their latest and relevant titles at the stalls.
2. Faculty members, research scholars, librarians, and library in-charges are encouraged to visit the exhibition during the festival days.
3. Recommended books shortlisted by your department/centre/college/library may be procured directly from the respective publishers/vendors.
4. All procurements must follow the standard University/college procurement rules and procedures.
5. The recommended list of books should be verified and approved by the concerned Head of Department / Principal / Director / Library Committee, as per institutional norms, before placing the orders.

We request you to kindly circulate this information among the faculty members, research scholars, and library staff of your department/college/centre and motivate them to visit the book exhibition during DULF 1.0 to select suitable titles for acquisition.

The detailed festival schedule, venue map, and list of participating publishers will be shared closer to the event dates on the official website: <https://literaturefest.du.ac.in/>

Your active participation will greatly help in enriching the academic resources of library and shall be available to our students and researchers.

Thanking you and with regards,

(Dr. Rajesh Singh)
