UNIVERSITY OF DELHI**

**ANNUAL REPORT
2021-2022**

Annual Day Address by the Principal

मानव जाति के इतिहास की भीषण त्रासदी कोरोना के प्रकोप से निकलकर दुनिया पुनः जीवन की ओर लौट रही है। कोरोना ने हम सभी को चेता दिया कि दुनिया की जीवन जीने की आधुनिक भोगवादी शैली पूरी तरह से असफल सिद्ध हो चुकी है। हमारे सामने से होकर गुजरा मौत का बवंडर अट्टहास करते हुए बता गया कि जो मानव सभ्यता वस्तुवादी जीवन को अपनाकर आधुनिक होने का दंभ भर रही थी वह अपनी तमाम वैज्ञानिक खोजों के बावजूद एक सूक्ष्म से जीवाणु के आगे घुटने टेक गई। हमारे अस्पताल बेबस और विज्ञान लाचार हो गया। लेकिन भारत ने निराशा से उबरने का ज्योति मार्ग दिखाकर तथा इस भीषण समय में सबकी मदद के लिए अपना हाथ बढ़ाकर अपनी 'वसुधिव कुटुंबकम्' की मानवतावादी सोच से दुनिया को अपना मुरीद बना लिया है।

आज मैं अरविंद महाविद्यालय सांध्य का वार्षिक प्रतिवेदन प्रस्तुत करते हुए देश की उसी मानवतावादी भावना से ओतप्रोत 'सर्वे संतु निरामयाः' वाले सिद्धांत को केंद्रीय विचार बनते हुए देख रही हूं। भारत का जीवन दर्शन हमें समझा रहा है कि शिक्षा संस्थानों का उद्देश्य गगनचुंबी इमारतों के लिए मशीनी मानव पैदा करना नहीं है, अस्पतालों के लिए संवेदनहीन उपचार करने वाले डॉक्टर बनाना नहीं है, विध्वंसक हथियारों को बनाने वाले वैज्ञानिक पैदा करना नहीं है, दुनिया को आकर्षक बनाने के लिए उसके पर्यावरण का विनाश करने वाले वास्तुकारों को गढ़ना नहीं है।

आलोचक कुछ भी कहते रहे सच यह है कि भारत कभी भी पलायनवादी संकुचित सोच का पोषक नहीं रहा। वह सदा से ही जीव, जगत, माया और ब्रह्म के साथ ब्रह्मोस के समस्त भाव के साथ जीवन को उत्सव मानकर जीने का पक्षधर रहा है। ऊर्ध्वगामी दृष्टिकोण अपनाते हुए उसने ज्ञान के साथ विज्ञान, राग के साथ वैराग, गृहस्थ के साथ वानप्रस्थ और शिक्षा के साथ दीक्षा का संतुलन बना कर मानव जीवन को प्रकृति से भिन्न अथवा विच्छिन्न नहीं होने दिया। आज शिक्षा सा विद्या या विमुक्तये, विद्या ददाति विनयम्, तमसो मा ज्योतिर्गमय, विद्या शास्त्रदज्ज शस्त्रमज्ज, ऐसे मूल मंत्रों को लेकर चल रही है।

वर्तमान सरकार के नीति निर्धारकों ने नई राष्ट्रीय शिक्षा नीति 2020 को तैयार किया है। इस नई राष्ट्रीय शिक्षा नीति का उद्देश्य भारत के अनुभूति परक ज्ञान को दुनिया तक पहुंचाना है , जिसके प्रमुख बिंदु हैं

- 1 प्रत्येक बच्चे की क्षमता को पहचान कर उस क्षमता का विकास करना
- 2 साक्षरता एवं संख्यात्मकता के ज्ञान को बच्चों के अंदर अंदर सहज रूप से विकसित करना
- 3 शिक्षा को लचीला, बहु विषयक, पारदर्शी और उद्देश्य मूलक बनाना
- 4 बच्चों को भारतीय संस्कृति से जोड़ना
- 5 उत्कृष्ट शोध शोध की प्रवृत्ति को बढ़ावा देना
- 6 अनुशासन और नैतिकता सिखाना
- 7 तकनीकी के यथासंभव उपयोग पर जोर देना
- 8 मातृभाषा को केंद्र में रखकर विभिन्न भाषाओं को सिखाना 9 बच्चों की सोच को मौलिक, रचनात्मक एवं तार्किक बनाना

आज दुनिया के मानचित्र पर भारत का ज्ञानात्मक अनुभूति दर्शन प्रकट हो रहा है। शिक्षा और मित्र की पहचान जीवन के सामान्य और दुष्कर दोनों समय में होती है [हमारी शिक्षा मात्र सुख सुविधाओं और वस्तुओं के संग्रह करने वाली नीति पर आधारित नहीं है । वह मध्यमार्गी है जिसमें पदार्थ और सिद्धार्थ दोनों का सामंजस्य दिखाई पड़ता है । शिक्षा स्वार्थ के लिए नहीं अपितु परमार्थ के लिए है। अपने साथ- साथ पर्यावरण, वनस्पति, जीव जंतुओं, चर अचर सब के कल्याण हेतु है।

भारत की मानवतावादी सोच विस्तार वादी अथवा अधिनायक वादी सोच वाले देशों के सामने कोविड के समय, चीनी आक्रमण के समय और फिलहाल रूस यूक्रेन युद्ध के समय स्व रक्षा, पर उपकार और कूटनीति की एक से बढ़कर एक मिसाल पेश कर चुकी है। हमारा ग्रह पृथ्वी तभी खुशहाल और समृद्ध रह सकता है जब हम सभी के कल्याण को अपना ध्येय बनाएं। भारत की सनातन संस्कृति क्रूर से क्रूर परिस्थितियों में भी सफल और सुफल सिद्ध हुई है। वह जियो और जीने दो के सिद्धांत पर चलती है वह एक हाथ में ज्ञान प्रसार हेतु शास्त्र रखती

है, तो दूसरे हाथ में आत्मरक्षा हेतु शस्त्र। इसी नीति का परिणाम है कि देश का जो तिरंगा केवल बलिदानियों के ऊपर चढ़ता था, अब उसे देखकर युद्धक देश अपना युद्ध रोक देते हैं। भारत ने अपने देश के नागरिकों को तो यूक्रेन से मौत के मुंह से निकला ही है, बल्कि अन्य देशों के नागरिकों को भी अपना समझकर बचाया है। नई राष्ट्रीय शिक्षा नीति के पीछे भी उसी सनातन संस्कृति का प्रभाव परिलक्षित होता है। आत्मनिर्भरता, रचनात्मकता, शोध दृष्टि का विकास, विज्ञान और अध्यात्म की समरसता, और इसके साथ ही अभिव्यक्ति के लिए मात्रभाषा – नई शिक्षा नीति के इन सूत्र सिद्धांतों का प्रभाव और परिणाम सामने भी आने लगा है। आज का युवा नौकरी लेने वाला नहीं अपितु नौकरियां देने वाला बन रहा है। इसका उदाहरण है साल 202 की घरेलू स्टार्टअप की रिपोर्ट जिसके अनुसार साल 202 में इंडियन स्टार्टअप्स का प्रदर्शन काफी शानदार रहा।

साल के दौरान अपने निवेशकों का भरोसा जीता और एक साल में 2020 की तुलना में फंडिंग 3 गुना से ज्यादा बढ़ा ली। वही ऊंचे वैल्यूएशन वाले क्लब में भारतीय स्टार्टअप की संख्या साल में दोगुना से ज्यादा बढ़ गई। यूनिकॉर्न के मामले में अर्थात् एक अरब डॉलर से अधिक मूल्यांकन वाले स्टार्टअप्स के मामले में भारत दुनिया का तीसरा सबसे बड़ा देश बन चुका है। रिपोर्ट के अनुसार युवाओं में अपने कारोबार को लेकर बढ़ते रुझान और सरकार के द्वारा नए कारोबारियों को प्रोत्साहित करने की वजह से देश का स्टार्टअप सेमेंट मजबूती पकड़ रहा है।

रिपोर्ट के अनुसार भारत 90 यूनिकॉर्न की संख्या के साथ अमेरिका और चीन के बाद तीसरा बड़ा यूनिकॉर्न मौजूदगी वाला देश बन गया है। वहीं भारत करीब 60000 #०४॥५/०5 की संख्या के साथ तीसरा बड़ा स्टार्टअप परिवेश वाला देश बन गया है। रिपोर्ट कहती है कि ये 88५० न केवल नवोन्मेषी समाधान एवं तकनीक लेकर आ रहे हैं बल्कि बड़े पैमाने पर रोजगार भी पैदा कर रहे हैं।

कहने को बहुत कुछ है संक्षेप में मैं आज महा विद्यालय के वार्षिक दिवस 2022 पर आप सभी छात्र छात्राओं से यही कहना चाहती हूं कि हमारे देश में अब सामाजिक आर्थिक और राष्ट्रीय दृष्टि से एक नए युग का प्रारंभ हो चुका है। 21वीं सदी के इस नवजागरण में सामाजिक दृष्टि से जातियों की मुंडेर टूट रही है, आर्थिक दृष्टि से हमारा युवा परंपरागत खेती और रचनात्मक

कार्यों की ओर बढ़ रहा है तथा राष्ट्रवादी भाव नई पीढ़ी की सोच में अंकुरित हो रहे हैं । मैं आशान्वित हूँ कि नवचेतना के इस युग में, सर्वे भवन्तु सुखिनः, सर्वे संतु निरामयाः, सर्वे भद्राणि पश्यन्तु, मां कश्चित् दुःख भाग भवेत् ।

इसी के साथ मैं अपनी वाणी को विराम देती हूँ ।

जय हिंद ।

1. On October 16, 2021, *Itihas Darpan* of the Department of History organized a talk on “*Situating Women in Freedom Movement: How important was their role in shaping the struggle*” delivered by Prof Vijayalaxmi Singh from University of Delhi. This talk was a part of the yearlong activities to be organized by the college to commemorate the celebration of “*Azadi ka Amrit Mahotsav*” It was a well-attended and highly interactive talk. Prof Singh elaborated on the methodological and conceptual framework for undertaking a historical study of *gender* within the interstices of colonial period including freedom movement and post-independent India. Her empirically rich talk mentioned of several women freedom fighters including *Vijay laxmi Pandit, Sarojini Naidu, Raj Kumari Amrit Kaur, Bhikaji Cama*, who became part of mainstream politics and took the freedom movement to new sections of society by creating a space for women in it. She also talked of lesser known revolutionaries like *Kanaklata Baruah, Matangini Hazra, Bhogeswari Phuknani, Suniti*

Chaudhury, Pritilata Wadedkar etc whose deep patriotism could not prevent them from crossing the threshold of acceptable feminine virtues to prove their love for their country.

In her study on post-independence period, Prof Singh enunciated of how the relegation of women back to the domestic domain, hindered the pace of women empowerment immediately after independence. Nevertheless, the contribution of women freedom fighters never put to rest the issues that limit the public appearance of women. It also significantly covered the distance that needed to be traversed to encourage gender equity.

The talk stimulated the curiosity of the audience and was followed by several questions which the speaker answered with enough candor and wits.

The Women Development Cell of Sri Aurobindo College (E) proudly presented the fourth edition of its Annual Newsletter "*ABHIVYAKTI- GENDER EQUITY AND RISE OF WOMEN IN THE WORLD*" in February, 2022.

Here-in some poetry, courageous success stories and accomplishments of women are featured. Individuals have talked about issues that are swept under the carpet in our society and people just look the other way. The underlying message points to the need to work for the change we want to see in the world. We, as a collective, believe that a dialogue should be initiated to shatter the embedded stigmatization wherever it exists.

Through this edition of ABHIVYAKTI, we have tried to bring forward the untold and unheard tales of courage, strength, inspiration, empowerment and many more. Empowering women is a foundational step to ensure the prosperous growth of a family as well as the country's overall growth. By empowering women, the world would definitely witness gender equality and help women from every stratum of society to stand on their own and steer their lives as per their own

wishes. We see this exercise as a way of providing a platform to those voices which were neglected, crushed and marginalized. We believe that ABHIVYAKTI will turn every unturned stone of your heart.

Gender Sensitization Committee presented its annual newsletter on 25th February 2022. This newsletter recognises the voices of many individuals, sharing experiences and thoughts about gender diversities and inequality faced by the suppressed community. Students and faculty members in the institution shared stories, poems, and pros in which they expressed their feelings about how a change is required within the society for a better, more welcoming life. The newsletter throws immense light upon the much-needed change in the society towards acceptance of each gender and sexual orientation.

This newsletter also mentions the names of many people in Gender Sensitization Committee who worked towards creating awareness and gathering knowledge about gender equality, and acceptance towards everyone regardless of gender and sexual orientation. Students used a social media platform to gather knowledge and create awareness by explaining the meaning of the terms in LGBTQIA+, making the audience understand how many genders are there and what they mean, and lastly, breaking the stereotypes by putting forward the facts. ENACTUS

The Enactus chapter of Sri Aurobindo College (Evening) was formed in 2016 and is one of the most active student organizations on the south campus, University of Delhi. The chapter works on the principles of social entrepreneurship in running two projects PROJECT ISHTA and PROJECT ANNAPOORNA, which has been our flagship project since inception. The projects help to give real life experience and exposure of all facets of social entrepreneurship and management to its members, including increasing financial and entrepreneurial literacy. PROJECT ISHTA - 'Initiative for Sanitation and Hygiene Towards All' – a project on woman entrepreneurship for hygienic sanitation. Project ISHTA is aimed at enabling complete, inexpensive public hygiene for women. We have created a convenient, hygienic and waterproof toilet seat cover which fits all seats and gives complete coverage and protection. The project complements the government's vision of "SWACHH BHARAT" as the proceeds from our toilet seat covers are used for the construction of public toilets in underserved regions. Clean is also green. ISHTA is minimalistic and follows 3 R's- 'Reduce' the use of paper, 'Redeploy' proceeds for sanitation, and use 'Recyclable' material for safe disposal.

The basic aim of PROJECT ANNAPOORNA is Women Empowerment through Social Entrepreneurship, and it has enabled 3 women, who were earlier homemakers, to establish a tiffin service business. The student team act as management consultants and have provided the necessary ecosystem for enabling a domestic activity to take the form of a flourishing business. The Society has honed the business skills of these homemakers and has thus not only helped to make them self-reliant and financially empowered, but is also instrumental in improving the financial condition of their families.

Enactus students have participated enthusiastically in different events through out the year. We organized a webinar in collaboration with E-Junki on the importance of electronic waste management on 20th August. The Daan Utsav was organized from 5th October 2021 to 10th October 2021 to donate useful things and essentials to needy and unprivileged section of our society. Our society members took this responsibility religiously to serve the society and humanity with utmost enthusiasm and real spirit of DAAN. We at Enactus SACE are trying to facilitate the conservation of the environment by tapping realization from the pandemic situation

and turning this into reality. Sarvodya is an activity conducted by Enactus, SACE to facilitate the conservation of environment by planting trees and feeding stray animals.

September 16th is celebrated as World Ozone Day every year. Designated by the United Nations General Assembly, for creating awareness about and for the preservation of the Ozone Layer. So, Enactus SACE decided to contribute a whole week as "Ozone Week" for creating

awareness about the dire need to prevent Ozone layer depletion by engaging not only our members but students all across the country through our social media posts and through an delightful collaboration with the Sustainability 101 Podcast.

Project X - Culture

Project X-Culture project is a large-scale experiential learning collaborative exercise initiated by the University of North Carolina USA. Students from Sri Aurobindo College (Evening) have been selected for the project under the mentorship of Dr Sumati Varma since 2013.

Dr Sumati Varma was given the Global Educator Award for her contribution to the project in the current year. She has been a member of the Executive Board of Project X – Culture since 2014.

The last year saw 22 students from the college participate in the project alongside a total of 5000 students from 125 universities in 40 countries on six continents. They worked in 902 global virtual teams, each comprised of about 6 team members, each coming from a different country.

The Project is designed to provide students with an opportunity to gain first-hand experience in international virtual collaboration. Working in global virtual teams, the students developed a business proposal for one of half a dozen international companies as partners and provided a detailed plan for implementing the idea.

This year's corporate partners included companies such as Plastic Revolutions, an American manufacturer of recycling equipment and operator of one of the country's largest recycling plants; Sacona, an Indian manufacturer of 5D gaming machines and flight simulators; Unplag, a Ukrainian plagiarism detection software company; Odyseed, a Belgian manufacturer of indoor mini greenhouses, to name a few.

During the project, the students had numerous live webinars with their client company owners or CEOs, where the students had an opportunity to learn more about the business, its history and products, ask questions, and receive feedback on their suggestions. Depending on the geography, many students also had an opportunity to visit their client company, have a company tour, meet the management team, and present their work.

Furthermore, the X-Culture Project is a platform for high-quality research on dynamics and performance in global virtual teams. The longitudinal multi-level data collected as a part of the project are used to study dynamics and performance in global in international workgroups.

Gender Audit Awareness Workshop

In an attempt to understand the implication of a gender neutral organization and to work towards creating a gender sensitive atmosphere in it, the GSC organized a talk by Prof Namita Rajput titled Gender Audit Workshop on September 17th 2021

GENDER ANALYSIS, is process of collecting and analyzing the sex disaggregated data and information to understand the gender differences.

Different institutions and organizations have different parameters that they take care of.

In Women organizations, there are two important aspects:

1. Spreading awareness about gender equality in the society.
2. Make Your Girls ready for the 21st century challenges.

In Coed institutions:

1. equal opportunities should not be given to all irrespective of their gender.
2. The organization should be gender neutral.

We have to make efforts, conduct discussions and debates, have live sessions with transgender people to know about their problems. That is when people in the society will begin to become sensitive towards them. Workshops should be held in order to explain the seriousness of the topic and the small issues that come along. There should be mutual respect for everyone, showing peers that we are a gender sensitive organization. Students cannot be exposed to such sensitive scenes or information directly, so we can display serious causes and issues in animated form to make them informed and aware. They should also be taught to respect all genders. An organization that promotes gender neutrality should not tolerate any kind of gender discrimination.

Gender is a social construct that has been prevalent since years. It includes gender roles for men and women and gender norms that everyone is supposed to follow.

Over the years we have seen gender inequality. Gender equity is an instrument which leads to gender equality.

We do gender analysis to design and implement the projects in a way that will close the gender inequality gaps. Females should be involved in all kinds of decision making from the very start.

Gender mainstreaming means to start programs where males and females both are involved.

Within gender audit, we are introducing participatory audit. It refers to the audit of the ratio of number of males and number of females that are participating in a particular project. Gender participation or inclusion should be throughout the project and consistent, not just time.

Unlayering the term Gender

Gender refers to "the socially constructed characteristics of women and men – such as norms, roles and relationships . It varies from society to society and can be changed. The concept of gender is exhibited at five levels: relational, hierarchical, historical, contextual and institutional. On 8th February 2022, a webinar was hosted by the Gender Sensitization Committee, Sri Aurobindo (Evening) College, where the guest of honor and speaker was Mrs. Mamta Saha. It was addressed to an audience of 114 people (including the students of the Committee and

different departments of the College) via a virtual platform on the topic of 'Unlayering the term "Gender"'. The audience was warmly addressed initially by Prof. Kusum Lata, the Principal of Sri Aurobindo (Evening) College.

In this webinar we learned how society could be simpler if these complex and deeply engrained gender stereotypes and social constructs didn't exist. It could be removed with the help of three major components: Acceptance, Sensitization and Change. Initially, we were brought to introspect and derive an overview of the basic definitions and differences between Gender and Sex, misconceptions (good and bad) existing around them, and how our thought processes had changed with time. The seminar enlightened on the aspect of: Gender Discrimination and how it has impacted the growth of Women in the Society. We learned a lot about stereotypes and how they can actually impact the way people view themselves. Also on how stereotypes are psychologically undermining in the impact they cast on people. There are in fact a great and growing number of studies showing the psychological and societal disadvantages of such biases. As we further went into the presentation, we learned about various laws and legislative acts that have contributed in bringing about a change in the society's view of gender roles.. We learned how behavioral change, sensitization, better understanding and empathy towards everyone can not only help in making the world a better place but also, be of huge benefit to the way our future generations will function. Because there's nothing wrong in trying to discover oneself, being oneself and expressing oneself without any fear.

Overall, the session was very informative and enlightening.

It goes without saying that befitting to their their name the *gender champions* kept the flag of working towards creation of gender neutral society flying high.

Twitter Handle

Twitter is a microblogging and social networking service on which users post and converse with messages, static pictures, GIFs, videos, links, and text called 'tweets'

It is a very popular social communication channel and has a wide reach. We in the twitter Handle society take utmost pains to ensure that all messages and notices are displayed in time so that students can learn about them.

This year too, the twitter handle of the college ensured that all information including notices or work done by various societies of the college was shared in the larger public domain in time.

Acknowledgement

First of all I salute University of Delhi for its visionary response to the unprecedented global situation of Covid pandemic. Under the highly motivated team comprising the Hon'ble Vice Chancellor, the Dean of Colleges, Director South Campus, Dean admissions, Dean Examinations, the Registrar and other committed officers, University of Delhi has stepped up high on the ladder of achievements and added many firsts to its credit. Contactless online large scale admissions were done like nowhere else in the country; Open Book Exams ensured that the students were not made to lose their year of studies; the ongoing process of promotions has splashed happiness over the teaching community and instilled positivity into the gloomy times.

In all humility I owe my thankfulness towards the guests of the day, the Chief Guest, the Chairperson and the guests of honour for graciously accepting our request and sparing their time for this program. Thank you very much honourable sirs for your kind and motivating words full of wisdom backed by your rich and sound experience. Professor Kundu, Mr. Chairman, Professor Prasad, Professor Chamoli and Mr. Kaushik.

With a feeling of satisfaction and pleasure I would like to express my sense of gratitude towards all those co-workers who worked with zeal and commitment to render service above self during this tough year full of existential challenges. My first and foremost thanks to the Administrative Officers Mr. Yashpal who braved a Covid blitz and Mr. Amarjeet who had a close brush against it but both of them did not shy away from their duties in the college. I am extremely indebted to my colleague Dr. Kusumakar Pandey, the college Bursar, Associate Professor in Hindi, Admissions co-ordinator and the first OBE nodal officer all-in-one who always presented himself in the college at short notice and helped me solve all issues and accomplish in time all tasks, howsoever challenging. I thank Mr. Sompal of the accounts section who with a religious regularity voluntarily attended the college on all the working days of the week even during the period of partial unlock. The mottos 'work is worship' and your 'institution is your temple' rightly describe his sense of commitment. I am thankful to the IT team which emerged in response to the peculiar demands of the times when things have gone digital in such a big way. My thank profusely the team members Ms. Arti, Mr. Sanjay, Mr. Chandan, Mr. Abhishek, Mr. Anupam, Mr. Vinod Maurya, Mr. Rajbir, Ms. Shipra and Ms. Jyoti who worked under the overall guidance of the AO Mr. Yashpal.

I would like to thank Mr. Pragyendu of the department of Applied Psychology for accepting tasks assigned to him off hand like the ongoing project of working towards the mental well-being of the students and the faculty during the pandemic. I thank the secretary staff council and all the convenors and committee members for the activities they have done and are still doing for their respective committees. We have to now accept the new normal and devise ways to engage the students in variegated and relevant activities in the present context. I thank the NAAC, IQAC and NIRF convenors and their team members for their commendable work. And my special thanks to the Dr Archana Agarwal, Convenor Annual Function and her team for organizing today's program.
